

**Washington University
Department of Mathematics**

**Proposal for Honors Thesis for High or Highest Distinction in Mathematics
(NON-Latin Honors)**

Departmental requirements for High or Highest Distinction can be found from the Department's Undergraduate Web Page. Both of these require an honors thesis. This form is for students wishing to do such a thesis but who are not eligible for Latin Honors

Please return the completed form to Professor Freiwald, Cupples I, 201 (935-6737, rf@math.wustl.edu)

Name _____

Planned Graduation Date _____

List of courses you have taken or propose to take to fulfill the course requirements for High Distinction or Highest Distinction.

Course	Semester	Grade

Give a brief description of your proposal for your proposed thesis.

Thesis must be completed, written and an oral presentation, by the end of March (for May graduates). Contact Professor Freiwald (rf@math.wustl.edu, 935-6737), at least 2 weeks in advance, to arrange a time for the presentation.
