

Math 416, Fall 2013

Assignment 10, 3 November 2013

PROGRESS: We are taking a quick look at Chapters 14 and 16.

PROBLEMS:

- pg. 192: 1, 2, 10, 12, 19

DUE: This assignment is due Tuesday, 9 December, in the mailbox on my office door, Cupples I Room 218.

FINAL EXAM: The final exam for the course is on Tuesday Dec.17th, 6-8 PM in Rudolph 102, our regular room.

There will be two types of questions on the exam; short questions in the style of the midterm exam— for instance: true-false and give a reason, and questions, or minor variations on questions, from the assigned homework problems.
